

## More Tips

### Quickly adjust your view

Use the viewport's right-click menu to:

Flip your view 180°

View by the currently active workspace

View by the active workspace and fit in viewport

View by any workspace

View by a selected face

### Easily create your own shortcuts

1. Click **Tools > Customize**
2. Click the **Keyboard** tab
3. Select the category from the **Group** box
4. Select the command from the **Commands** box
5. Click the cursor in the **Press New Shortcut Key** box
6. Select your shortcut: for example, you might press **CTRL** plus a keyboard character
7. Click **Assign**
8. Create more shortcuts, or click **Close**

### Learn more about CoCreate Modeling
